wall hanging systems modern

NEWLY R10 RAIL

20 kg p/m

The Newly R10 Rail is a compact and stylish picture hanging rail that is easy to install thanks to its clever One-Click system. This allows the rail to be mounted quickly and securely to the wall, seamlessly connecting to the ceiling for a clean, minimalist finish. Available in white, silver, and black.

Thanks to its compact design, the rail is barely visible while still offering a professional and reliable hanging solution with a load capacity of 20 kg per meter.

compatible wires and hooks: pages 64–79

installation video

A major advantage of the Newly rail systems is that the head of the Twister hanging cords is completely hidden inside the rail. Only the cord remains visible, creating a sleek, minimalist presentation, perfect for modern interiors, galleries, offices, or living spaces.

wall hanging systems modern

NEWLY R20 RAIL

30 kg p/m

The Newly R20 Rail is a discreet yet powerful picture hanging rail, ideal for the flexible display of paintings, frames, or other wall decorations. With a load capacity of 30 kg per meter, this rail offers extra stability and reliability while maintaining a subtle and streamlined design. Available in white and silver.

Thanks to the convenient One-Click system, the rail can be installed quickly and easily. The R20 is mounted directly onto the wall, flush with the ceiling, creating a continuous line that integrates seamlessly with any interior.

A key advantage of the Newly rail systems is that the head of the Twister hanging cords is completely hidden inside the rail. Only the cord remains visible, resulting in a sleek, minimalist presentation — perfect for modern interiors, galleries, offices, or living spaces.
